

Astronomy in Vermont

*Tuesday, 14 April,
7:00 PM*

**Whiting Library,
Chester, VT**

STM (a.k.a. "Stellafane") member, Carl Malikowski, will explore Vermont's role in the history of astronomy. Discover the important contributions that have been made and the impact on astronomy as a whole. The gathering will start with a brief presentation by SoVerA Vice Pres., Donna Monahan, of some striking astronomical images.

The Southern Vermont Astronomy Group (**SoVerA**) holds free, Public Astronomy Meetings on the 2nd Tuesday of each month at 7pm at The Whiting Library in Chester. More info at: 802 875-6464, and www.sovera.org
